Your effective Logo design FAQ, answered.

WHAT ARE THE ATTRIBUTES OF AN EFFECTIVE BRAND LOGO?

A good company logo does three things: it tells potential customers if the product is right for them; it communicates what you stand for; and it makes them remember your brand.

WHO OWNS THE COPYRIGHT?

We own the rights to all logo concepts until you approve your preferred logo. During the final stage of your logo design process, called handover, we agree to transfer the rights, and you become the owner of the copyright of your approved logo design.

CAN I PROVIDE MY OWN IMAGES?

Yes. If you have any specific images (like symbols or icons) that need to be included with your logo, please include them in your brief and share them with us.

HOW CAN I CONTRIBUTE TO MY LOGO DESIGN PROCESS?

Bring as many specifics as you can, too. Include designs you like, brand details, logo colors, fonts, type of logo, style, product photos and any other specifications that would affect your design.

WHICH LOGO DESIGN PACKAGE SHOULD I CHOOSE?

We guarantee that you'll get a great logo design at any pricing level, but our standard package gives you more design options and better support.

WHAT IF I NEED MORE THAN A LOGO?

We can help. Save money with one of our bundles! Get a business card, a website, or social media designs with your logo. Or get a business starter kit with a whole Brand Identity Pack.

WHAT ARE THE PAYMENT TERMS?

(a) We encourage you to pay the fees and additional costs to us within 5 days after the date on which we issue you a proforma invoice.

(b) A 100% payment is required before work commences. You will assume all responsibility in providing a valid eMail address for receipt of all such information sent via eMail to you.
